

Cera- Chem Private Limited

<https://www.cerachemindia.net/>

We are counted amongst the most established Manufacturer and Exporter entities reflecting a common purpose of sustainable development by producing Protective and Decorative Coating.

About Us

Cera-Chem Private Limited was established in the **1993** in Chennai. Since inception, We are counted amongst the most established **Manufacturer** and **Exporter** entities reflecting a common purpose of sustainable development by producing Protective and Decorative Coating. Owing to the superior quality, durable finish and cost effectiveness, our products are Concrete Admixture, Waterproofing System and Chemical Grout the most favourable. We are proud to say that we are one of the first manufacturers of construction chemical in India. Under the guidance of two overseas experts we have started our business with two chemical products. Now from two we have launched more than 150 products on current market. This is achieved as a result of our strong customer focus vision and flexibility to continue to push the lead to provide a world class quality product. To continue focusing on our quality manufacturing we have extended our operation in other cities too such as, Hyderabad and Baroda. Industrial, commercial, residential, marine and infrastructure are our prime sector. Our more than 150 products are in highly demand in these sectors. This is the result of our team of scientists and target achievers team members. We export our products globally.

Our production and storage unit are furnished with modern technology and equipment to fulfill any customer requirement. We are capable of providing tailor made service to our clients. All experts who are...

CONCRETE ADMIXTURE

Our Products
